AN EFFECTIVE CHRISTIAN COLLEGE

The following quotations from the Articles of Association of The William Taylor Foundation set forth clearly the spiritual concepts and purposes to which the institution has been traditionally committed.

Article IV:

"For the purpose of more explicitly setting forth the meaning of Christian Education as used by the framers of this charter and the methods and policies by which the proposed results are to be achieved, through Taylor University, or any affiliated educational institution under the control of this Foundation, the following statement of belief and practice is set forth:

The fundamental doctrines of evangelical Christianity as set forth in the common Christian creeds are accepted.

The Bible is recognized as the Word of God showing God's progressive revelation of His own thought and will to man.

The integrity of the Holy Scriptures and the personal identity of the Holy Spirit in the work of glorifying Christ are not questioned.

The subject of the Bible is redemption, inspired by the love of God the Father, grounded in the atoning sacrifice of God the Eternal Son, and made effective to the human soul by God the Eternal Spirit.

The great reproducible experiences of evangelical Christianity as taught in the Bible, such as the new birth, or conversion of the sinner, and the baptism of the Holy Spirit for the believer, are taught as the privilege of every one.

As a result of these blessed experiences coming to us through this glorious Gospel we joyfully acknowledge our obligation to carry the good news of God's grace to all men everywhere."

Article V:

"The school, Taylor University, shall be Interdenominational in its service; and a member of any Christian denomination who is in harmony with the doctrine and policy of the school as set forth in Article IV, and who has the qualifications set forth in Article VII, section 4, of this charter,

shall be eligible to a place on the faculty or board of control. Taylor University shall be maintained with its traditional missionary and evangelistic policies and its attitude to the Holy Scriptures as the Word of God. It shall seek to maintain an atmosphere stimulating to spiritual aspiration and to the practice of Christian ethics. It shall cultivate an attitude of respect for and interest in the organized church."

No institution that has caught the spirit of Bishop William Taylor could be local or provincial in its outlook. Students come to Taylor University from many states and foreign countries. Taylor students have the advantage of these world-wide influences in the midst of a splendid intellectual life.

Taylor University welcomes youth who desire a standard college education in the midst of an ideal spiritual atmosphere.

The present faculty of Taylor University is definitely committed to the perpetuity of her traditional emphases. For a concise statement of her creedal position the Board of Trustees has approved the following:

1. We believe the Bible to be the inspired, the only infallible, authoritative word of God.
 2. We believe that there is one God, eternally existent in three persons: Father, Son and Holy Spirit.
 3. We believe in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death through His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father, and in His personal return in power and glory.
 4. We believe that for the salvation of lost and sinful men regeneration by the Holy Spirit is absolutely essential.
 5. We believe also in the cleansing and empowering ministry of the Holy Spirit for the believer which enables him to live a godly life.
 6. We believe in the resurrection of both the saved and the lost; they that are saved unto the resurrection of life and they that are lost unto the resurrection of damnation.
 7. We believe in the spiritual unity of believers in our Lord Jesus Christ.
- Annually the entire teaching staff subscribes to the above statement.

AIMS

Taylor University aims to provide excellent liberal arts and pre-professional training leading to the A.B. and B.S. in Education degrees in a student-faculty relationship which is vitally Christian, socially wholesome and physically healthful. We believe that it is possible to correlate good scholarship and Christian experience and life and it is our aim to provide a proper balance in these two spheres.

These aims stated specifically are:

- (1) To offer an effective Liberal Arts education fused with a vitally Christian interpretation of truth and life. The first two years of the Liberal Arts program are designed to provide (a) an introduction to the basic fields of learning and (b) the development of general culture, citizenship in a democracy, Christian ideals, and personal qualities.
- (2) To organize the Liberal Arts program so as to include adequate pre-professional training in engineering, law, medicine, ministry, teaching, and nursing.
- (3) To prepare students who desire to teach designated subjects in secondary and elementary schools.
- (4) To aid the student to keep his body strong and, where possible, to correct physical defects.
- (5) To develop and enrich the cultural and social attitudes of its students.
- (6) To constantly review and study its faculty, curriculum, personnel services and equipment so as to insure the maximum success in the execution of its program.

PERSONNEL SERVICE

ADMISSION

All new candidates for admission to the college must give satisfactory evidence of good character and those entering from other colleges must present letters of honorable dismissal.

Every student desiring admission to Taylor University must make application upon the forms provided by the college and pay an application fee of \$5.00. This fee is not refundable.

Every student is required to deposit, in advance, an admission fee of \$10.00,

which serves as a breakage and key deposit and as a room reservation for those desiring to live in college quarters. This deposit is not refundable except on the following conditions:

(1) One-half of this deposit is refundable if notice of withdrawal from either a new or an old student is received in the dean's office on or before August 15, for the first semester, or December 31, for the second semester. A student who enrolls for the first semester is expected to continue the second semester. No refund will be made to a student who withdraws at the end of the first semester unless notice has been received in the dean's office on or before December 31.

(2) The entire deposit is refundable at the end of the school year or upon the student's withdrawal from school (except as stated above), on the conditions that all keys are turned in and any charges for breakage or fees have been satisfactorily adjusted.

This deposit does not carry over and is not transferrable from one academic year to the next.

Every application must be approved by the Director of Admissions and is recorded with the Dean of Men or Dean of Women who assign the rooms if students plan to live in college quarters.

Each new student should have a transcript of his high school record sent in advance so that it may be evaluated in terms of the college's entrance requirements. Those desiring advanced standing should have their credentials sent direct from the college last attended, and in advance of registration. No transcript can be evaluated on registration days. All transcripts for advanced standing must be requested by the student.

Admission to and registration in Taylor University is tentative until the student has proved himself, both in scholarship and in Christian character, to be worthy of occupying a place and of being definitely classified. In addition, satisfactory scores must be made on the Psychological and English Examinations.

AUTOMOBILE USERS

Every student responsible for an automobile on the campus must have a driver's license and adequate liability insurance. Freshman and sophomore students may have an automobile on campus only by special permission, and it is advised that all such requests be in the Dean of Men's office before September 7, 1952. Juniors, seniors, and married students must have their automobiles registered in the office of the Dean of Men by September 21, 1952. All second semester transfer and new students must register their automobiles in the office of the Dean of Men within the first ten days of said semester.

COUNSELLING

It is the purpose of the college to render the most valuable service to every student who enters her halls.

Administrative officers, faculty advisers, various committees, and the personal point of view in organization contribute to render this service to the student.

All new students entering the college are required to supply a photograph $1\frac{1}{2}'' \times 2\frac{1}{4}''$, and to give such personnel data as is requested by the Director of Personnel.

The Business Manager has direction of student self help and if the student has sufficient funds to warrant his entering college and lacks only a small part of the year's expense, he may be able to find assistance by this means in meeting the balance of his expenses. Each case is considered on its merits and must be taken up in advance.

ADVISERS

Freshman and Sophomore students are advised and counselled by the

Dean of the College, the Director of Personnel, and other selected faculty assistants.

After the student has selected his major study at the beginning of the Junior year, his major professor serves as his adviser throughout the remainder of the college course.

HEALTH PROGRAM

The health service fee of \$3.00 a semester is used to provide the services of registered nurses in caring for minor ailments, and the ordinary drugs and medicines necessary in such care. In addition, the counsel service given by the staff physician on his regular visits to the campus is included. It is understood that his work is to consist only of the treatment of minor ailments and diagnosis of more serious conditions. In such cases the student will be fully advised, and then the responsibility will be his for the choice of a physician and the expense of medical treatment and possible hospitalization.

The school provides infirmary rooms where the student may be cared for by the nursing staff for a period of three days each semester without charge. The cost thereafter ranges from \$1.50 to \$3.00 per day, depending upon the amount of attention required and the number of staff attending. Cases of contagious diseases or serious illness which cannot be received in the infirmary rooms will be given such attention and care as the nature of the cases and the conditions permit.

Before admission, each student is required to present a statement from a licensed physician showing that he has been vaccinated within the last seven years against or has previously had smallpox, has had a series of typhoid immunization within the last year or else a booster immunization. Each year following admission the student must receive a typhoid booster immunization. This booster immunization may be obtained at the Health Center for a nominal fee. The student also must present the school health blank which must be filled out by a licensed physician.

Chest x-rays are taken each year by the Tuberculosis Association. Each student is required to take advantage of this. If the student fails to avail himself or herself of this opportunity he or she will be required to get an x-ray taken within the following month and present evidence of such to the school nurse.

The college is not responsible for injuries received by students on or off campus, except those covered by the insurance which the college carries on participants in the student labor program and in intercollegiate athletic competition.

STUDENT EXPENSES

Taylor University desires to offer the best in college life at the lowest possible cost. It will be appreciated, however, that in the present emergency which has caused abnormal price rises in many commodities, it may become difficult, if not impossible, to maintain expenses at the catalog rates. The college, therefore, reserves the right to advance these rates at any time in an amount sufficient to cover the increased cost.

BOARD—Meals are furnished in the dining hall at the rate of \$170.00 per semester, consecutive meals to the same person and payable in advance. Foods of the best quality are purchased, the preparation is supervised by a competent and experienced dietitian and under strict sanitary conditions, producing a wholesome, appetizing, well-balanced diet. Due to rising costs of foods and services, the administration reserves the right to increase the rate for room and board at any time.

Students rooming in the college dormitories are expected to board at the college dining hall.

ROOMS—The college provides rooms for young women in Campbell Hall and Magee Hall, and for young men in Wisconsin Hall and Swallow-Robin Hall. The rental rate for rooms per person is \$60.00 per semester.

All rooms are furnished with window shades, bed, mattress, table, chairs, and dresser with mirror. Students are required to furnish everything necessary for the bed, with the exception of the mattress. They also furnish their own towels. The college launders free of charge each week four pieces of laundry, which may include sheets, pillowcases, towels, and washcloths. (This provision for laundry applies only to students living in Magee-Campbell-Wisconsin Hall and Swallow-Robin Hall.)

The admission fee automatically becomes a room deposit fee for those desiring to live in college dormitories. This deposit is refundable under the conditions as set forth on page 14 of this catalog.

The college reserves all rights concerning the assignment and reassignment of rooms or the termination of their occupancy.

SETTLEMENT OF BILLS

Students, if possible, should pay the entire semester's bill on or before registration day. If this is not feasible, at least one-half of the semester bill must be paid in cash before registration is complete. There is no extension of time. All credit for scholarships or estimated income from participation in the student work program will be taken into consideration when the second and final payment is due. The second payment for the first semester is due November 15, and for the second semester, March 15. Students are urged to pay in advance by mail since this will expedite their registration and will be a much appreciated convenience to the college.

The above regulations apply to the room and board only for Veteran Students, providing they have their certificates of eligibility with them on registration day, otherwise, they may be required to pay one-half of their total bill and the college will refund any advance payment for *tuition and fees* made by the veteran as soon as his certificate of eligibility is received.

Exceptions to the above terms of payment should not be requested unless absolutely necessary and then they are granted only when acceptable proof of need has been shown and definite arrangements made in ADVANCE with the Business Office. In all cases of deferred payment a small deferred payment fee is charged. Extended terms require a substantial down payment at registration with a feasible plan for keeping the remainder of the account paid in advance.

Accounts for one semester must be adjusted in full two weeks before the close of the semester or the student will be disenrolled.

Incidental and laboratory fees are not refundable. There are no refunds made if a student withdraws under discipline. Vacation periods are not included in refunds. There is no refund of tuition if a student drops a course at any time after the first two weeks of a semester.

ADDITIONAL INFORMATION FOR VETERANS

Veterans should apply *promptly* to their nearest Veterans Office for an original or a *supplemental certificate* of eligibility. The Veterans Administration will make no subsistence payments to G. I.'s nor will it assume any obligation to pay for tuition, fees, etc., to the college, until the veteran's certificate of eligibility is approved, processed through the college, and forwarded to the nearest regional office of the Veterans Administration. Delays may occur in the receipt of subsistence checks, and veterans coming to college should so finance themselves that they can pay their college bills when due, as the college cannot defer individual student payments until receipt of subsistence checks. Qualified veterans may secure books and supplies at the College Book Store without paying cash. However, if any purchases are disallowed, either by their nature or by being in excess of the allowable amount, the amount disallowed is charged back to the veterans. If any payments are disallowed by the V.A. for any reason, the veterans are expected to settle their accounts with the college promptly upon notification of such disallowance.

Veterans should check the regulations concerning the time limit for beginning training under the G. I. Bill. Information may be had at the Veterans Administration.

SCHOLARSHIPS, GRANTS AND LOANS

Through the gifts of friends, and certain monies set aside for this purpose, a limited number of scholarships and grants are offered each year.

Selective Honor Scholarships—

A limited number of Selective Honor Scholarships are available to Freshman students who ranked academically in the upper ten per cent of their high school class, and who meet certain other academic requirements. This award provides for a scholarship of \$100.00 during each of the four years upon condition of the maintenance of certain academic standards. It is awarded only to boarding students and must be applied for well in advance of enrollment. Students receiving this scholarship are expected to spend their entire four years of undergraduate study in Taylor. Should they drop out and enter some other institution, the amount of scholarship aid received will become due and payable to the college before a transfer is made.

Dr. L. Monroe Vayhinger Memorial Music Scholarships—

Through the gifts of friends and alumni, five scholarships of \$100 each are being offered to Freshman students intending to major in Music and giving promise of unusual accomplishment in this field. An applicant for one of these scholarships must qualify by ranking academically in the upper quarter of his high school class, and by satisfactorily passing an audition test before the President and a member of the Music Department staff, who shall determine eligibility on the basis of talent exhibited. These scholarships, which are for the Freshman year only, are given in memory of Dr. L. Monroe Vayhinger, President of Taylor University from 1908 to 1921.

All-School Scholarship—

An expense scholarship in the amount of \$100.00 is awarded to the student who earns the highest scholastic standing during the academic school year. The winner is selected from the Junior, Sophomore, or Freshman classes, and the scholarship is effective during the academic year following the commencement season at which the award is made.

Alumni Scholarship—

The Taylor University Alumni Association provides a scholarship of one

hundred dollars to be given to a junior student who has shown evidence of Christian character, leadership qualities and a scholarship point-hour ratio of 2 or above. This is an expense scholarship, applied to the student's account in the school year following the award made at the commencement exercises. A committee appointed by the Alumni Association selects the candidates who are ranked by the faculty. Final decision is made by the committee. (The winner of this scholarship must be other than the winner of the All-School Scholarship.)

The Shilling Scholarship for Excellence in Science—

This scholarship of one hundred dollars is given by Captain C. W. Shilling, U.S.N., of the class of 1923, in memory of his father, Reverend John H. Shilling, and in honor of his mother, Mrs. Mary O. Shilling. It is awarded to a junior majoring in chemistry or biology, whose point-hour average for his junior year is at least 2.3. Final selection of the recipient is made by the faculty of the Division of Science.

Service Grants—

Campus work is available to a limited number of students giving demonstration of actual need of such assistance by written application on blanks furnished by the college. These grants, which generally range in amounts from \$50.00 to \$175.00 per year, are based upon need and ability.

Grants in Aid—

Aid to a limited number of deserving students is available through contributions provided for this purpose by friends of the institution. This aid is limited to upper classmen.

Student Loan Funds—

A number of special funds have been established by gifts to the University for the purpose of making loans to worthy students to enable them to complete the payment of their college expenses. Several of these funds have been founded expressly to aid students preparing for the ministry. Further information may be obtained by writing to the office of the President.

Vocational Rehabilitation Aid—

Students from Indiana and a number of other states, having vocational handicaps, are eligible for aid in varying amounts. Additional information may be secured from the President's office.

NOTE—Scholarship grants are void if full settlement of the remainder of the account is not made by June 30th following the close of that school year for which the grant is given.

Students receiving scholarship aid or service grants must maintain satisfactory records in scholarship and discipline. The college reserves the right to withdraw any scholarship or terminate any service grant at its discretion if a student makes an unsatisfactory scholastic record or becomes a disciplinary problem.

A student receiving scholarship aid and transferring to another school any time during the four years may at the discretion of the Administrative Officers be required to pay the amount of scholarship received before a transcript is issued.
